

Dr. Price's Cream Baking Powder for nearly half a century has been giving the people pure food—long before a pure food law was thought out for either state or nation.

DR. PRICE'S CREAM BAKING POWDER

Made from grapes—pure and healthful. No Alum—No Phosphates.

Chemical tests show that alum baking powders leave unchanged alum, an injurious metallic acid, in the food.

Be on your guard. Alum powders may be known by their price—10 or 25c a lb., or one cent an ounce.

Removal.

I wish to inform my patrons that on and after April 1st, I will be found at my new stand--the Bourbon Marble works, Hill's Old Stand, between 6th and 7th street.

WHEN A WOMAN IS DRESSING she wants all the light it is possible to get. The only light that is big enough and that shows colors in their true shades is the electric. Have us put it in your home. It will please the women folks immensely. And your own satisfaction will not be a whit less complete than theirs. It is not expensive either.

Paris Electric Light Co.

Franklin Will Not Be Present.

Commonwealth's attorney Robert B. Franklin, who was expected to head the protestants before Governor Willson when the executive will here arguments by friends of Caleb Powers and Jim Howard urging their pardon Friday night, wrote a letter to Attorney Sam M. Wilson, of Lexington, of counsel for Powers, notifying him that he will not be present at the hearing.

The letter is as follows: "I am reminded that to-morrow is the day upon which you and your associates, in behalf of Caleb Powers and James B. Howard, will present to Governor Willson petitions for the pardon of Powers and Howard. Since hearing from you and since you last heard from me, I have taken up this matter with my associates, and as Governor Willson has never directly requested the presence of the Commonwealth's representatives, we shall not appear before him in connection with the subject matter. You and I know there are few Kentucky men, now petitioning for the pardon of Powers and Howard, who were not for the acquittal of Youtsey, whether guilty or innocent, and for his pardon after conviction by the jury until he testified against the conspirators.

"The most prominent of those now asking pardon for Powers and Howard, in so far as I am informed, were the loudest in denunciation of the prosecution of Youtsey, and in declaring him to be an innocent Sunday school scholar from Cold Springs in Cambel County.

"If Governor Willson's purpose is to determine the guilt or innocence of Caleb Powers or James B. Howard of participation in the assassination of William Goebel, of which they have so often been found guilty by the juries, he should most thoroughly understand all the evidence given to all the juries in all the Goebel assassination trials. "Should he desire to study the matter I shall be glad to present to Governor Willson all the evidence ever taken in these cases for consideration upon his request. Being himself a lawyer, the Governor knows that much of the evidence against James B. Howard is absolutely incompetent as against Caleb Powers and therefore could not have been introduced upon the last trial of Howard. Governor Willson, looking at this matter as a lawyer, will bear in mind that Caleb Powers is indicted as accessory before the fact and therefore what Powers' associates in this crime had to say after the actual assassination was not competent evidence against Caleb Powers.

True Philosophy.
A moral, sensible, well bred man will not insult me. No other can.—Cowper.

Annual Bible School Convention.

The Bible Schools of the Christian Churches in the Eighth District, composed of the counties Bourbon, Bath, Clark, Harrison, Montgomery and Nicholas, will hold their annual convention in Millersburg on Friday, April 24th. The first session will be a joint one with the C. W. B. M. on Thursday evening, April 23rd.

The convention will close at 4 p. m. Friday. A splendid program, containing the names of many able speakers, is ready for the printer. Let every school send at least one representative besides the Superintendent. Many schools are near enough to send several. Send, at once, a full report of your school work during the year to Bruce Trimble, Mt. Sterling.

The church at Millersburg is planning for a big convention. Don't disappoint them. Those who can go will send their names immediately to Mrs. Oscar Johnson, Millersburg.

Bible School workers should attend, and get information, inspiration and enthusiasm.

How She Kept Her Youth.

Some one once asked a woman how it was she kept her youth so wonderfully. Her hair was snowy white, she was eighty years old, and her energy was waning, but she never impressed one with the idea of age, for her heart was still young in sympathy and interest. And this was her answer: "I know how to forget disagreeable things. I tried to master the art of saying pleasant things. I did not expect too much of my friends. I kept my nerves well in hand and did not allow them to bore other people. I tried to find any work that came to hand congenial. I retained the illusions of my youth, and did not believe 'every man a liar' and every woman spiteful. I did my best to relieve the misery with which I came in contact, and sympathized with the suffering. In fact, I tried to do too others as I would be done by, and you see me in consequence reaping the fruits of happiness and a peaceful old age."

What Is a Man?

"All the constituents of a 150 pound man are contained in 1,200 eggs," said the chemist.

"There is enough gas in a man he went on, "to fill a gasometer of 3,649 cubic feet. There is enough iron to make four nails. There is enough fat to make seventy-five candles and a large cake of soap. There is enough phosphorus to make 8,064 boxes of matches. "There is enough hydrogen in him to fill a balloon and carry him up to the clouds. The remaining constituents of a man could yield if utilized, six cruets of salt, a bowl of sugar, and ten gallons of water."

No wonder the Psalmist said, "I am fearfully and wonderfully made."

"One Touch of Nature Makes the Whole World Kin."

When a rooster finds a big fat worm he calls all the hens in the farm yard to come and share it. A similar trait of human nature is to be observed when a man discovers something exceptionally good—he wants all his friends and neighbors to share the benefits of his discovery. This is the touch of nature that makes the whole world kin. This explains why people who have been cured by Chamberlain's Cough Remedy write letters to the manufacturers for publication, that others similarly ailing may also use it and obtain relief. Behind every one of these letters is a warm hearted wish of the writer to be of use to someone else. This remedy is for sale by W. T. Brooks. You need no other guarantee.

THE SECRET OF SUCCESS

No, Sir! You cannot palm off any substitute on me. I've been using August Flower since I was a boy, and I'll have no other."

"Forty million bottles of August Flower sold in the United States alone since its introduction! And the demand for it is still growing. Isn't that a fine showing of success? Don't it prove that August Flower has had unflinching success in the cure of indigestion and dyspepsia—the worst enemies of health and happiness? Does it not afford the best evidence that August Flower is a sure specific for all stomach and intestinal disorders?—that it is the best of all liver regulators? August Flower has a matchless record of over 35 years in curing the ailing millions of these distressing complaints. Two sizes, 25c and 75c. All druggists.

G. S. VARDEN & SON Paris, Ky

Chamberlain's Has the Preference.

Mr. Fred C. Hanrahan, a prominent druggist of Portsmouth, Va., says: "For the past six years I have sold and recommended Chamberlain's Colic, Cholera and Diarrhoea Remedy. It is a great remedy and one of the best patent medicines on the market. I handle some others for the same purpose that pay me a larger profit, but this remedy is so sure to effect a cure, and my customer so certain to appreciate my recommending it to him, that I give it the preference." For sale by W. T. Brooks. You need no other guarantee.

Yerkes & Kenney

The Black Hawk Corn Planter.

Does what others try to do—Drops the required number of grains in a hill regardless of the irregularity of the seed.

- Allows changing of plates without removing seed from boxes.
- Drops the seed at the proper place whether team travels fast or slow.
- Has hand drop, check row, foot drop and drill.
- Can be changed from one to the other without the use of tools.
- Reels up the check row while planting last two rows.
- Wheels can be set to run off or on the corn rows.
- Be sure to examine this planter before you buy.
